

New England Biolabs Certificate of Analysis

Product Name: *NEBNext® Microbiome DNA Enrichment Kit*
 Catalog Number: *E2612-3*
 Lot Number: *10025647*
 Expiration Date: *01/2020*
 Storage Temperature: *-20°C*

| NEBNext® Microbiome DNA Enrichment Kit Component List | | | |
|---|--|------------|----------------------|
| NEB Part Number | Component Description | Lot Number | Individual QC Result |
| E2619AAVIAL | RPL30 Human DNA Control Primers | 0021801 | Pass |
| E2618AAVIAL | 16s rRNA Universal Gene Bacteria Control Primers | 0021801 | Pass |
| E2616AAVIAL | NEBNext® Bind/Wash Buffer | 0071801 | Pass |
| E2614AAVIAL | NEBNext® MBD2-Fc Protein | 0081801 | Pass |

This product has been tested and shown to be in compliance with all specifications.
